**Subject:** 1,3-D use in my community  
**Date:** Monday, January 16, 2023 7:34:40 AM

---

EXTERNAL:

To whom it may concern:

I am writing to ask that the use of 1.3-D be regulated to meet the standard of less than 0.04 parts per billion as determined by OEHHA to be the standard of safe usage. I care deeply about my community and those who do not have information or a voice to protect themselves and their children from unhealthy levels of pesticides. Please take action on this immediately.

Sincerely,  
Susan Witmer
